**Statement:**

I ask for your vote for the United States Senate.

I'll vote to –

- Repeal OBAMACARE
- Enact a Balanced Budget Amendment
- Block the confirmation of liberal judges whose decisions take away our Constitutional Rights
- Reverse the Obama Administration's unconscionable cuts to our Armed Forces, our Veterans, and our Military Retirees

I'll push for immediate investigations of broken federal bureaucracies – starting with the Department of Veterans Affairs and the Internal Revenue Service – and hold those who have done wrong accountable.

I'll start work on eliminating the now politicized IRS altogether and replace the current loophole ridden and crony capitalist corrupted federal income tax with a new revenue system that is simple, transparent and fair.

I'll fight to defend the Second Amendment - and start with my first vote to organize a new Republican Majority in the U.S. Senate. We need conservative leaders calling the shots on legislation, not the anti-gun activists that are running things now.

I'll be a reliable vote in the defense of religious liberty, traditional values, and life.

I'll fight to reverse Federal overreach and bring decision making back to Alaska.

That means transferring Forest Service land to the State and putting development in the hands of Alaskans, building the life saving King Cove Road, and reversing the roadless rule that restricts mining, timber and renewable energy development in Southeast Alaska.

If you're ready to change things in Washington and move Alaska forward, I respectfully ask for your vote.
